

BSA Names of Current & Former Local Councils

239 current Councils (234 official Councils +5 sub-Councils; April 2025)

1799 former names (1792 former Councils +7 former BSA regional/national identifiers)

3 unknown + some higher numbers that may never have been assigned

At first local Councils were identified by name, which became clumsy as the number of Councils increased into the hundreds, and some Councils chose duplicate names. BSA began assigning Council ID numbers in the 1920's, and by about 1960 had adjusted the numbering system to be roughly alphabetical by state & then HQ city (meaning that Council #1 is NOT the oldest Council). The original numbering of local Councils ran from 1 through 640. Numbers from 641 through the 700's were later used for newer Councils, and other numbers have sometimes been re-issued to unrelated Councils. Numbers 641 through 643, and then numbers in the 800's were assigned to overseas Councils (although a handful of 800-series numbers were assigned to regular Councils in 1929, plus 850 was used for a short-lived "federated" Council). Numbers in the 900's were used for regional & national Councils.

This list does not attempt to include early un-numbered Councils. Hundreds of early Councils went in and out of existence, and the history of most current Councils is often complex.
